Section B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs (Drug List)*. You can read all of the FAQ to learn more or look for a question and answer.

Section B1. What drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the *Drug List* for short.)

The drugs on the *Drug List* that starts in **Section C** are the drugs covered by El Paso Health Medicare Align (HMO D-SNP). The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. You can call us as follows: October 1- March 31, 8 a.m. to 8 p.m. seven days a week. April 1- September 30, 8 a.m. to 8 p.m. Monday through Friday. The call is free. **For more information**, visit ephmedicare.com

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by STAR+PLUS. Please visit the STAR+PLUS URL www.hhs.texas.gov/services/health/medicaid-chip/medicaid-chip-members/starplus for more information. You can also call the Texas Medicaid Member Service Center at 800-252-8263, Monday to Friday, 7 a.m. to 7 p.m. Please bring your Member ID Card when getting prescriptions through STAR+PLUS.

- El Paso Health Medicare Align (HMO D-SNP) will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - El Paso Health Medicare Align (HMO D-SNP) agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a El Paso Health Medicare Align (HMO D-SNP) network pharmacy.
- In some cases, you must do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at www.ephmedicare.com or call Member Services at the numbers listed at the bottom of this page *or* at the numbers in the footer of this document.

Section B2. Does the *Drug List* ever change?

Yes, and El Paso Health Medicare Align (HMO D-SNP) must follow Medicare and Texas Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from El Paso Health Medicare Align (HMO D-SNP) before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we'll cover another drug.)

For more information on these drug rules, refer to question B4.

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. You can call us as follows: October 1- March 31, 8 a.m. to 8 p.m. seven days a week. April 1- September 30, 8 a.m. to 8 p.m. Monday through Friday. The call is free. **For more information**, visit ephmedicare.com

If you're taking a drug that was covered at the **beginning** of the year, we'll generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug isn't safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check El Paso Health Medicare Align (HMO D-SNP)'s up-to-date *Drug List* online at www.ephmedicare.com. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at the numbers listed at the bottom of this page *or* at the numbers in the footer of this document to check the current *Drug List*.

Section B3. What happens when there's a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- Substitutions of certain new versions of drugs. We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will appear on the same or lower cost-sharing tier with the same or fewer restrictions. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we're adding:
 - is a new generic version of a brand name drug, or
 - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - Some of these drug types may be new to you. For more information, refer to Section B14.

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. You can call us as follows: October 1- March 31, 8 a.m. to 8 p.m. seven days a week. April 1- September 30, 8 a.m. to 8 p.m. Monday through Friday. The call is free. **For more information**, visit ephmedicare.com

- You or your provider can ask for an exception from these changes. We'll send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.]
- Remove unsafe drugs and other drugs that are taken off the market. Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the Drug List. If you're taking the drug, we'll send you a notice after we make the change. You should contact your prescriber to assist you with switching to a different drug that we cover.

We may make other changes that affect the drugs you take. We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the Drug List when adding a generic drug that isn't new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we'll:

- tell you at least 30 days before we make the change to the Drug List or
- let you know and give you a 31-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the Drug List you can take instead or
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

Section B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases, you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from El Paso Health Medicare Align (HMO D-SNP) based on specific

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. You can call us as follows: October 1- March 31, 8 a.m. to 8 p.m. seven days a week. April 1- September 30, 8 a.m. to 8 p.m. Monday through Friday. The call is free. **For more information,** visit ephmedicare.com

criteria before you fill your prescription. Prior authorization (PA) is different from a referral. El Paso Health Medicare Align (HMO D-SNP) may not cover the drug if you don't get prior authorization.

- **Quantity limits:** Sometimes El Paso Health Medicare Align (HMO D-SNP) limits the amount of a drug you can get.
- **Step therapy:** Sometimes El Paso Health Medicare Align (HMO D-SNP) requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we'll cover another drug. If your prescriber thinks the first drug doesn't work for you, then we'll cover the second.
- **Indication-based coverage:** If El Paso Health Medicare Align (HMO D-SNP) covers a drug only for some medical conditions, we clearly identify it on the *Drug List* along with the specific medical conditions that are covered.

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C**. You can also get more information by visiting our website at www.ephmedicare.com. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

Section B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the section titled "List of Drugs by Medical Condition" has a column labeled "Necessary actions, restrictions, or limits on use."

Section B6. What happens if El Paso Health Medicare Align (HMO D-SNP) changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. You can call us as follows: October 1- March 31, 8 a.m. to 8 p.m. seven days a week. April 1- September 30, 8 a.m. to 8 p.m. Monday through Friday. The call is free. **For more information,** visit ephmedicare.com

Section B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by medical condition.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it Section D. The Index of Covered Drugs is an alphabetical list of all the drugs included in the *Drug List*. Brand name drugs and generic drugs are listed in the index.

To search by medical condition, find **Section C1** labeled “List of Drugs by Medical Condition”. The drugs in this section are grouped into categories depending on the type of medical conditions they’re used to treat. For example, if you have a heart condition, you should look in the Cardiovascular category. That’s where you’ll find drugs that treat heart conditions.

Section B8. What if the drug I want to take isn’t on the Drug List?

If you don’t find your drug on the *Drug List*, call Member Services at the numbers listed at the bottom of this page *or* at the numbers in the footer of this document and ask about it. If you learn that El Paso Health Medicare Align (HMO D-SNP) won’t cover the drug, you can do one of these things:

- Ask Member Services *or* your service coordinator for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that’s like the one you want to take. **Or**
- Ask El Paso Health Medicare Align (HMO D-SNP) to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

Section B9. What if I’m a new El Paso Health Medicare Align (HMO D-SNP) member and can’t find my drug on the Drug List or have a problem getting my drug?

We can help. We may cover a temporary 31-day supply of your drug during the first 90 days you’re a member of El Paso Health Medicare Align (HMO D-SNP). This will give you time to talk to your doctor or other prescriber. They can help you decide if there’s a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. You can call us as follows: October 1- March 31, 8 a.m. to 8 p.m. seven days a week. April 1- September 30, 8 a.m. to 8 p.m. Monday through Friday. The call is free. **For more information**, visit ephmedicare.com

If your prescription is written for fewer days, we'll allow multiple refills to provide up to a maximum of 31 days of medication.

We'll cover a 31-day supply of your drug if:

- you're taking a drug that isn't on our *Drug List*, **or**
- our plan rules don't let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by El Paso Health Medicare Align (HMO D-SNP), **or**
- you're taking a drug that's part of a step therapy restriction.

If you're in a nursing home or other long-term care facility and need a drug that isn't on the *Drug List* or if you can't easily get the drug you need, we can help. If you've been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We'll cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you're a new El Paso Health Medicare Align (HMO D-SNP) member.
- This is in addition to the temporary supply during the first 90 days you're a member of El Paso Health Medicare Align (HMO D-SNP).

El Paso Health Medicare Align (HMO D-SNP) transition process provides for other circumstances that exist in which unplanned transitions for current members could arise and in which prescribed drug regimens may not be on our formulary. These circumstances usually involve the level of care changes for a member that is changing from one treatment setting to another, such as:

1. Members who enter LTC facilities from hospitals with a discharge list of medications from the hospital formulary with very short-term planning considered (i.e. under 8 hours).
2. Members discharged from a hospital to a home with very short-term planning.
3. Members who end their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to revert to their Part D plan formulary.
4. Members who give up hospice status to revert to standard Medicare Part A and B benefits.
5. Members who end an LTC facility stay and return to the community.

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. You can call us as follows: October 1- March 31, 8 a.m. to 8 p.m. seven days a week. April 1- September 30, 8 a.m. to 8 p.m. Monday through Friday. The call is free. **For more information**, visit ephmedicare.com

6. Members discharged from psychiatric hospitals with drug regimens that are highly individualized.
7. The foregoing circumstances often result in members and/or providers utilizing El Paso Health Medicare Align (HMO D-SNP) exceptions and/ or appeals processes. For these unplanned transitions, El Paso Health Medicare Align (HMO D-SNP) makes coverage determinations and redeterminations as expeditiously as the member's health condition requires.
8. El Paso Health Medicare Align (HMO D-SNP) transition process ensures appropriate medication reconciliation for member upon discharge from LTC facilities or other facilities, so that an effective transition of care can be accomplished.
 - The current standard of care promotes caregivers receiving outpatient. Part D prescriptions in advance of discharge from a Part A stay. Members, through no fault of their own, may not have access to the remainder of the previously dispensed prescription. El Paso Health Medicare Align (HMO D-SNP) process allows the member to access a refill upon admission to, or discharge from, an LTC facility.
9. El Paso Health Medicare Align (HMO D-SNP) uses claims data to determine if the member has experienced a level of care change and allows a transition fill where applicable. When claims data cannot be used to determine a level of care change, a pharmacy may need to call Navitus Member Services to process a point-of-sale override in order to make this type of transition fill.

Section B10. Can I ask for an exception to cover my drug?

Yes. You can ask El Paso Health Medicare Align (HMO D-SNP) to make an exception to cover a drug that's not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, El Paso Health Medicare Align (HMO D-SNP) may limit the amount of a drug we'll cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

Section B11. How can I ask for an exception?

To ask for an exception, call *your service coordinator or Member Services*. Your service coordinator *or* a Member Services representative will work with you and your prescriber to

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. help you ask for an exception. You can also read **Chapter 9 Section 7.2** of the *Member Handbook* to learn more about exceptions.

Section B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours.

If you or your prescriber think your health may be harmed if you must wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we'll give you a decision within 24 hours of getting your prescriber's supporting statement.

Section B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

El Paso Health Medicare Align (HMO D-SNP) covers both brand name drugs and generic drugs.

Section B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Member Handbook*.

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. You can call us as follows: October 1- March 31, 8 a.m. to 8 p.m. seven days a week. April 1- September 30, 8 a.m. to 8 p.m. Monday through Friday. The call is free. **For more information**, visit ephmedicare.com

Section B15. What are OTC drugs?

OTC stands for “over-the-counter”. El Paso Health Medicare Align (HMO D-SNP) covers some OTC drugs when they’re written as prescriptions by your provider.

You can read the El Paso Health Medicare Align (HMO D-SNP) *Drug List* to find out what OTC drugs are covered.

Section B16. Does El Paso Health Medicare Align (HMO D-SNP) cover long-term supplies of prescriptions?

- Mail-Order Programs. We offer a mail-order program that allows you to get up to a 100-day supply of your drugs sent directly to your home. A 100-day supply has the same copay as a one-month supply.
- 100-Day Retail Pharmacy Programs. Some retail pharmacies may also offer up to a 100-day supply of covered drugs. A 100-day supply has the same copay as a one-month supply.]

Section B17. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

Section B18. What’s my copay?

El Paso Health Medicare Align (HMO D-SNP) members have *copays*, for prescriptions as long as the member follows the plan’s rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our *Drug List*.

- Tier 1 Preferred Generic drugs have \$0 copay after the \$700 deductible is met
- Tier 2 Generic drugs have \$0, \$1.65, or \$5.00 copay for generic drugs (including brand drugs treated as generic) \$0, \$5.80, or \$14.40 copay
- Tier 3 Preferred Brand drugs have \$0, \$1.65, or \$5.00 copay for generic drugs (including brand drugs treated as generic) \$0, \$5.80, or \$14.40 copay
- Tier 4 Non-Preferred drugs have \$0, \$1.65, or \$5.00 copay for generic drugs (including brand drugs treated as generic) \$0, \$5.80, or \$14.40 copay

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. Section C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered El Paso Health Medicare Align (HMO D-SNP). If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in **Section D**. The index alphabetically lists all drugs covered by El Paso Health Medicare Align (HMO D-SNP).

Note: You can find information on what the symbols and abbreviations in this table mean by going to section C1.

Note: The _ next to a drug means the drug isn't a "Part D drug." These drugs have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want isn't covered or is no longer covered by Medicare or STAR+PLUS.
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call Member Services toll free at 1-833-497-7710 TTY 711 *or* at the numbers listed at the bottom of this page *or* at the numbers in the footer of this document.
- You can also read **Chapter 9** of the *Member Handbook* to learn how to appeal a decision.

Section C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they're used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular. That's where you'll find drugs that treat heart conditions.

Here are the meanings of the codes used in the "Necessary actions, restrictions, or limits on use" column:

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711. You can call us as follows: October 1- March 31, 8 a.m. to 8 p.m. seven days a week. April 1- September 30, 8 a.m. to 8 p.m. Monday through Friday. The call is free. **For more information**, visit ephmedicare.com

BvD = Part B versus Part D: this determines if a prescription is covered under Part B (medical insurance or Part D (prescription drug coverage).

QL = Quantity Limits:

NDS = Non-Extended Day Supply: you can obtain a specific prescription medication for a maximum 1-month (30-day) supply.

NSO = New Starts Only: this applies to members who are prescribed a new medication and new to our plan. It will require a prior authorization to obtain the prescription.

PA = Prior authorization: you must have authorization from the plan before you can get this drug.

ST = Step therapy: you must try another drug before you can get this one.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, atomoxetine), brand name drugs are capitalized (for example, ENBREL). The information in the “Necessary actions, restrictions, or limits on use” column tells you if El Paso Health Medicare Align (HMO D-SNP) has any rules for covering your drug.

If you have questions, please call El Paso Health Medicare Align (HMO D-SNP) at 1- 833-497-7710, TTY users call 711.
